

SUSHI RAN WINS WINE ENTHUSIAST AWARD

Wine Enthusiast Magazine has honored Sushi Ran with the 2005 Award of Unique Distinction for quality and commitment to its wine program. Restaurants considered for award are judged on scope of inventory, selection, service, individuality and value by an independent panel of judges.

Education of both the staff and patrons at Sushi Ran is also a significant component of the judging. Weekly staff tastings keep palettes sharp for continuing and newly offered wines and sakes. Monthly visits by winemakers further the staff's sophisticated understanding of Sushi Ran's offerings. Once a month patrons are offered a wine tasting dinner which pairs Sushi Ran's award-winning wine list with its award-winning cuisine.

Sushi Ran offers more than 30 premium, small production wines by the glass and an exceptional 300-bottle wine list. Wines from all over the world enhance the flavors of both the traditional Japanese sushi and fusion Pacific Cuisine. Sushi Ran is honored to receive recognition for its continued dedication to distinction.
